

I have a range of model kits made from mainly MDF (2mm) Laserboard (0.3mm/0.6mm and 0.9mm) and PETG clear plastic for windows (if included – see notes).

Deluxe Materials Laser Cut Wood Glue (AD87) is the recommended glue for assembling these kits although a tube of UHU or similar can be useful for sticking in windows etc especially if they have been painted before assembly (recommended). There is also Faller Exert Laser Cut (170494) which is equally good. Be very careful with both glues as the fine nozzles clog easily.

The kits are made to order and an indication of a delivery date will be given at the time of order placement. This is only a guide and should not be taken as fixed.

Additional services:

Models can be pre-built for you if required, at extra cost. The cost will depend on the level of build you require e.g. standard assembly, painting or painting and weathering.

Bespoke models can also be created (see the back of this folder for examples). You will need to supply dimensions and a sketch or photo.

Cinema (low-relief)

Dimensions (approx.)

N gauge	175mm(W),30mm(D),105mm(H)
OO gauge	350mm(W),60mm(D),209mm(H)
O gauge	610mm(W),105mm(D),365mm(H)

Prices

N gauge	£ 54.00
OO gauge	£ 68.00
O gauge	£ 85.00

Additional information

This building is based on the cinema on Poulton Road, Fleetwood, as it was around the 1950/60s. Using Google street view you could easily see how to make minor adjustments to bring it up to date.

Glazing is included.

Bank (or offices)

Dimensions (approx.)

N gauge	82mm(W),50mm(D),72mm(H)
OO gauge	162mm(W),102mm(D),145mm(H)
O gauge	280mm(W),178mm(D),252mm(H)

Prices

N gauge	£ 54.00
OO gauge	£ 68.00
O gauge	£ 85.00

Additional information

This building is based on what was an old bank on Church Street, Fleetwood. The model represents a section of the building only.

Glazing is included.

Trackside signal box

Dimensions (approx.)

N gauge	130mm(W),55mm(D),56mm(H)
OO gauge	260mm(W),110mm(D),112mm(H)
O gauge	455mm(W),192mm(D),196mm(H)

Note: dimensions do not included the stairs as these can be positioned as required.

Prices

N gauge	£ 50.00
OO gauge	£ 65.00
O gauge	£ 82.00

Additional information

The model does not include internal detail of lever frames etc. A basic set of extras containing lever frames, desk and chair etc can be purchased separately – please ask.

Glazing is included.

Over-track signal box

Dimensions (approx.)

N gauge	130mm(W),130mm(D),88mm(H)
OO gauge	260mm(W),260mm(D),176mm(H)
O gauge	455mm(W),455mm(D),308mm(H)

Note: dimensions do not included the stairs as these can be positioned as required.

Prices

N gauge	£ 50.00
OO gauge	£ 65.00
O gauge	£ 82.00

Additional information

This building is based on the signal box that used to exist at Gloucester. The signal box can also be constructed with the box spanning the tracks if required. The main beams can be shortened as required. If you need to span more tracks please ask.

Glazing is included.

3 track engine shed

Dimensions (approx.)

N gauge	190mm(W),110mm(D),75mm(H)
OO gauge	380mm(W),220mm(D),150mm(H)
O gauge	665mm(W),390mm(D),260mm(H)

Note: dimensions do not include front and rear apron (98mm and 49mm in OO)

Prices

N gauge	£ 55.00
OO gauge	£ 70.00
O gauge	£ 88.00

Additional information

This building can be supplied with a full roof or partial roof on one side as shown. The standard kit does NOT include inspection pits. A modified base and 3 inspection pits can be supplied if required for an additional charge (£10 - N, £14.00 – OO and £25 – O). There is also the option for a deluxe version which has internally engraved walls, door back bracing, corner covers and window sill and window lintel pieces – ask for details.

Glazing is included.

6 track engine shed

Dimensions (approx.)

N gauge	190mm(W),110mm(D),75mm(H)
OO gauge	380mm(W),220mm(D),150mm(H)
O gauge	665mm(W),390mm(D),260mm(H)

Note: dimensions do not include front and rear apron (98mm and 49mm in OO)

Prices

N gauge	£ 66.00
OO gauge	£ 83.00
O gauge	£ 103.00

Additional information

This building can be supplied with a full roof or partial roof on one side. The standard kit does NOT include inspection pits. A modified base and 6 inspection pits can be supplied if required for an additional charge (£18 - N, £16.00 – OO and £40 – O). There is also the option for a deluxe version which has internally engraved walls, door back bracing, corner covers and window sill and window lintel pieces – ask for details.

Glazing is included.

Trackside warehouse

Dimensions (approx.)

N gauge	186mm(W),50mm(D),51mm(H)
OO gauge	372mm(W),100mm(D),102mm(H)
O gauge	650mm(W),176mm(D),178mm(H)

Prices

N gauge	£ 50.00
OO gauge	£ 65.00
O gauge	£ 82.00

Additional information

A half relief version of this kit is also available along with extra length sections.

No glazing is included with this kit

Bandstand

Dimensions (approx.)

N gauge	49mm(W),49mm(D),50mm(H)
OO gauge	98mm(W),98mm(D),98mm(H)
O gauge	170mm(W),170mm(D),170mm(H)

Prices

N gauge	£ 28.00
OO gauge	£ 38.00
O gauge	£ 50.00

Additional information

This kit is available with different side panels. So for the six “faces” they can be completely open with railings (like a band stand), fully closed, just with access doors or full windows (see above).

No glazing is included with this kit

Large station building

Dimensions (approx.)

N gauge	159mm(W),74mm(D),105mm(H)
OO gauge	318mm(W),148mm(D),210mm(H)
O gauge	560mm(W),260mm(D),370mm(H)

Note: Dimensions exclude the canopy.

Prices

N gauge	£ 52.00
OO gauge	£ 66.00
O gauge	£ 83.00

Additional information

No glazing is included with this kit

Lineside hut

Dimensions (approx.)

N gauge	26mm(W),18mm(D),16mm(H)
OO gauge	52mm(W),36mm(D),32mm(H)
O gauge	90mm(W),64mm(D),56mm(H)

Prices

N gauge	£ 21.00
OO gauge	£ 29.00
O gauge	£ 38.00

Additional information

This kit does come with window frames and a door (not shown above).

No glazing is included with this kit

Lineside store

Dimensions (approx.)

N gauge	38mm(W),22mm(D),21mm(H)
OO gauge	76mm(W),44mm(D),42mm(H)
O gauge	133mm(W),77mm(D),74mm(H)

Prices

N gauge	£ 21.00
OO gauge	£ 29.00
O gauge	£ 38.00

Additional information

This kit does come with window frames and a door (not shown above).

No glazing is included with this kit

Small store

Dimensions (approx.)

N gauge	38mm(W),66mm(D),22mm(H)
OO gauge	76mm(W),132mm(D),44mm(H)
O gauge	133mm(W),231mm(D),77mm(H)

Prices

N gauge	£ 21.00
OO gauge	£ 29.00
O gauge	£ 38.00

Additional information

This kit comes with a choice of two styles as shown. Option 1 is with the large front window, option 2 has the smaller windows at the top. The name sign and glazing are not included.

Pithead (as per LH picture)

Dimensions (approx.)

N gauge	110mm(W),37mm(D),105mm(H)
OO gauge	220mm(W),73mm(D),210mm(H)
O gauge	385mm(W),128mm(D),366mm(H)

Prices

N gauge	£ 23.00
OO gauge	£ 33.00
O gauge	£ 44.00

Additional information

The prototype, on which this is based, had the main section coming out of a building (as per RH picture above). The cables came up from this building, to the wheels, and then down from the top to the left edge of the structure. The additional buildings are an option; the price for both is double the prices shown above.

Multi-storey car park

Dimensions (approx.)

N gauge	130mm(W),118mm(D),95mm(H)
OO gauge	257mm(W),237mm(D),190mm(H)
O gauge	** Not available in O gauge **

Prices

N gauge	£ 39.00
OO gauge	£ 52.00
O gauge	N/A

Additional information

This building is clad with a paper wrap and not laser engraved.

Terraced houses (1 in 20 slope)

Dimensions (approx.) – pack (either extension or base) contains 4 houses

N gauge	120mm(W),40mm(D),64mm(H excl. chimney)
OO gauge	240mm(W),80mm(D),126mm(H excl. chimney)
O gauge	420mm(W),140mm(D),220mm(H excl. chimney)

Prices

N gauge	£ 39.00
OO gauge	£ 52.00
O gauge	£ 67.00

Additional information

As stated above, the base kit comes with a double terrace (left end) and a double terrace (right end). These can just be linked together or you can buy extension kits which contain 4 terraced houses designed to go between the two end sections. Other options are available – please ask.

No glazing is included with this kit

Water tank

Dimensions (approx.)

N gauge	50mm(W),20mm(D),66mm(H)
OO gauge	100mm(W),40mm(D),136mm(H)
O gauge	175mm(W),70mm(D),238mm(H)

Prices

N gauge	£ 28.00
OO gauge	£ 38.00
O gauge	£ 50.00

Additional information

Does not include the white plastic pipes shown on the above image.

Station canopy

Dimensions (approx.)

End pack is 3 trusses and 1 end infill panel, extension pack is 3 trusses.

N gauge	190mm(W),85mm(D),93mm(H)
OO gauge	380mm(W),170mm(D),185mm(H)
O gauge	665mm(W),289mm(D),320mm(H)

Prices

N gauge	£ 41.00
OO gauge	£ 52.00
O gauge	£ 65.00

Additional information

Different roof window options are available on request.

No glazing is included with this kit

Carriage cleaning walkway

Dimensions (approx. – excluding stairs)

N gauge	195mm(W),11mm(D),10mm(H)
OO gauge	390mm(W),22mm(D),21mm(H)
O gauge	680mm(W),38mm(D),36mm(H)

Prices

N gauge	£ 23.00
OO gauge	£ 33.00
O gauge	£ 44.00

Additional information

This kit contains 2 end stairs and a centre stair set.

Examples of custom models

Station canopy on a curve

Helix

N gauge station canopy

Pipe supports

Point motor covers (or standalone small buildings)

G gauge wagon body
